

Minnesota Articulated College Credit Agreement www.CTEcreditMn.com

Articulated College Credit Agreement

Through Articulated College Credit (ACC), specific college curriculum learning outcomes and assessments are embedded in participating high school career and technical education (CTE) programs as specified in this agreement. Relevant knowledge, skills, and standards are taught by qualified CTE high school instructor(s) in one or more high school courses. ACC is awarded if the student meets the college equivalency standards and later enrolls in the college(s) listed below requiring the course in a specific program.

Agreement Name Cabinetmaking - Power Tool Operation
Agreement Reviewed/Revised 2024 – 2025

These credits are valid for students in grades 9-12 for 5 years from the completion of this course.

College	College Course	College Program	ACC
Hennepin Technical College – Brooklyn Park	CBTG 1121 – Cabinetmaking: Power Tool Operation	<u>Cabinetmaking & Wood Product Design</u> <ul style="list-style-type: none">• Cabinetmaking (Diploma - 48 cr.)• Furniture Design & Fabrication (Occ. Cert. – 22 cr.)• Residential Cabinetry Design & Fabrication (Occ. Cert. – 25 cr.)• CNC Machining for Woodworking (Occ. Cert. – 16 cr.)	3 of 5 credits

Agreement Description

The course is designed to introduce students to the proper and safe operation and maintenance of the basic woodworking power tools and stationary equipment used in the cabinet industry. One or more required projects will be fabricated by the student during the hands-on operation of the tools and equipment covered in this agreement.

Learning Outcomes

100% of the curriculum learning outcomes will be covered in the high school course(s) by qualified CTE high school instructor(s).

To receive credit, students will master of the following learning outcomes:

1. Analyze stationary power tools
2. Analyze portable power tools
3. Analyze tooling for woodworking equipment
4. Maintain woodworking equipment
5. Execute proper machining techniques for solid material
6. Execute proper machining techniques for plywood material
7. Apply machining techniques for woodworking

Course Grade

Students who earn a grade of **80% or better** in the course(s) qualify for Articulated College Credit.

Suggested Project #1:

Content Goals	Assessments	Evaluation
Project #1	Operated tool safely	
	Operated and used tool correctly	
	Correct tool(s) was used for the project
