## Articulated College Credit Agreement

Through Articulated College Credit (ACC), specific college curriculum learning outcomes and assessments are embedded in participating high school career and technical education (CTE) programs as specified in this agreement. Relevant knowledge, skills, and standards are taught by qualified CTE high school instructor(s) in one or more courses. ACC is awarded if the student meets the college equivalency standards and later enrolls in the college(s) listed below requiring the course in a specific program. In some cases, credit toward electives is also an option.

**Agreement Name**                      **OSHA 30**  
**Agreement Valid**                      **2024 – 2025**

**These credits are valid for students in grades 9-12 for 5 years from the completion of this course.**

College	College Course	College Programs	ACC
Hennepin Technical College	HVAC 1005 OSHA 30 Hour Construction Training	<ul style="list-style-type: none"><li>• AAS: Heating, Ventilation, Air Conditioning, and Refrigeration</li><li>• Diploma: Commercial Heating, Ventilation, Air Conditioning, and Refrigeration</li><li>• Diploma: Residential Heating, Ventilation, and Air Conditioning</li></ul>	1 of 2 credits

## Course Description

This course is designed to meet the requirements of the Occupational Safety and Health Administration (OSHA) 30-Hour Construction Safety Training requirements. The OSHA course will introduce various OSHA policies, standards, and procedures as they apply to the construction industry. Hazards associated with the construction industry will be brought to the student's attention. The OSHA safety and health principles will be applied to the workplace in order to minimize the effects these hazards may have. Students must complete the OSHA 30-Hour Construction Safety Training at HTC. Transfer courses will not be accepted.

## Course Learning Outcomes

100% of the course learning outcomes will be covered in the high school course(s) by qualified CTE high school instructor(s).

To receive credit, students will master the following learning outcomes:

- Identify OSHA regulations pertaining to the construction industry
- Demonstrate the proper use of personal protective equipment
- Prepare OSHA recordkeeping forms
- Recognize fall hazards
- Recognize electrical safety requirements
- Define requirements for a competent person(s)
- Demonstrate appropriate use of hand and power tools
- Recognize excavation hazards
- Recognize ladder and stairway hazards

## Assessments

To obtain Articulated College Credit, students will complete the following:

- Successful completion of the course showing the full range of grasping the course concepts and principles with a grade of **B or better**.
- Students who complete the HS course will have earned their OSHA-30 Certification. This must be obtained in order to be awarded the partial credit.
